

## LIST OF TABLES

<b>Table No.</b>	<b>Title</b>	<b>Page No.</b>
Table No1.1:	Constituents of food processing industry	2
Table No: 1.2	Categories of Food Processing Industry and Required Raw Material	3
Table No 1.3:	Total Population of Selected Food Processing Units in Kokrajhar District	9
Table No: 1.4	Lists of Respondents	10
Table No: 3.1	State –wise number of Registered Food Processing Industry and employment level in India	36
Table No 3.2:	Growth trends of various categories of registered food processing units in India	38
Table No 3.3:	Various Economic Trends of Rice Mills of Kokrajhar District	40
Table No: 3.4	Various Economic Trends of Oil Mills of Kokrajhar District	44
Table No: 3.5	Various Economic Trends of Flour Mills of Kokrajhar District	48
Table No: 3.6	Various Economic Trends of Fruits & Vegetable Processing Industries of Kokrajhar District	52
Table No 3.7	Various Economic Trends of Bakery Industries of Kokrajhar District	56
Table No: 3.8	Estimated Compound Annual Growth Rates of the unit, employment and the net profit of Rice Mills in Kokrajhar district during 2007-08 to 2016-17	61
Table No: 3.9	Estimated Compound Annual Growth Rates of the unit , employment and the net profit of Oil Mills in Kokrajhar district during 2007-08 to 2016-17	62
Table No: 3.10	Estimated Compound Annual Growth Rates of the unit , employment and the net profit of Flour Mills in Kokrajhar district during 2007-08 to 2016-17	63

Table No: 3.11 Estimated Compound Annual Growth Rates of the unit , employment and the net profit of Fruits & Vegetable processing industry in Kokrajhar district during 2007-08 to 2016-17	64
Table No: 3.12 Estimated Compound Annual Growth Rates of the unit, employment and the net profit of Bakery in Kokrajhar district during 2007-08 to 2016-17	65
Table No: 4.1 Implementation level of Product Mix Tools by the Selected food processing Industry	72
Table No 4.2: Reason for less implementation of modern Product mix tool of selected industry	76
Table No 4.3 Implementation level of price mix tools by the selected food processing industry	80
Table No: 4.4 Reason for less implementation of modern price mix tool of Selected Industry	83
Table No: 4.5 Implementation level of place mix tools by the selected food processing industry	87
Table No: 4.6 Reason for less Implementation of modern place mix tool of selected food processing industry	90
Table No: 4.7 Implementation level of promotion mix tools by the selected Food Processing Industry	94
Table No 4.8 Reason for less implementation of modern promotion mix tool of selected industry	97
Table No: 4.9 Preference -wise number of respondents regarding their buying behaviour of rice in case of product mix tool	100
Table No: 4.10 Preference -wise number of respondents regarding their buying behaviour of oil in case of product mix tool	102

Table No: 4.11 Preference -wise number of respondents regarding their buying behaviour of fruits & vegetable processing items in case of product mix tool	104
Table No: 4.12 Preference -wise number of respondents regarding their buying behaviour of flour in case of product mix tool	106
Table No: 4.13 Preference -wise number of respondents regarding their buying behaviour of bakery in case of product mix tool	108
Table No: 4.14 Preference -wise number of respondents regarding their buying behaviour of rice in case of place mix tool	111
Table No: 4.15 Preference -wise number of respondents regarding their buying behaviour of oil in case of place mix tool	113
Table No: 4.16 Preference -wise number of respondents regarding their buying behaviour of fruits & vegetable processing items in case of place mix tool	115
Table No: 4.17 Preference -wise number of respondents regarding their buying behaviour of bakery items in case of place mix tool	117
Table No: 4.18 Preference -wise number of respondents regarding their buying behaviour of flour items in case of place mix tool	118
Table No: 4.19 Preference -wise number of respondents regarding their buying behaviour of rice in case of price mix tool	120
Table No: 4.20 Preference -wise number of respondents regarding their buying behaviour of oil in case of price mix tool	122
Table No: 4.21 Preference -wise number of respondents regarding their buying behaviour of fruits & vegetable processing items in case of price mix tool	123
Table No: 4.22 Preference -wise number of respondents regarding their buying behaviour of bakery items in case of price mix tool	125
Table No: 4.23 Preference -wise number of respondents regarding their buying behaviour of flour items in case of price mix tool	127

Table No: 4.24 Preference -wise number of respondents regarding their buying behaviour of rice items in case of promotion mix tool	129
Table No: 4.25 Preference -wise number of respondents regarding their buying behaviour of oil items in case of promotion mix tool	130
Table No: 4.26 Preference -wise number of respondents regarding their buying behaviour of bakery items in case of promotion mix tool	132
Table No: 4.27 Preference -wise number of respondents regarding their buying behaviour of fruits & vegetable processing items in case of promotion mix tool	133
Table No: 4.28 Preference -wise number of respondents regarding their buying behaviour of flour items in case of promotion mix tool	135
Table No: 4.29 Preference wise distribution of consumer's preference on locally made and outside made selected products	137
Table No 5.1: Comparative Analysis of year wise Growth of Units of selected five categories of Industries	144
Table No 5.2: Comparative Analysis of year wise Employment position of selected five categories of Industries	147
Table No 5.3: Comparative analysis of Annual Growth Rate (AGR) of the number of unit of Five Categories of Selected Food Processing Industries	150
Table No 5.4: Comparative analysis of Annual Growth Rate (AGR) of Employment Level of selected Food Processing Industries	152
Table No 5.5: Correlation between total initial Investment & total employment and total initial Investment & net profit in Various Category of Food Processing Industries during the study period	154
Table No: 5.6 Gender wise Comparative Analysis of Selected Industry sector	156
Table No: 5.7 Comparative analysis of Educational Qualification of the Proprietors of the Selected Food Processing Industry sector	157
Table No: 5.8 Comparative Analysis of Source of Fund	159

Table No 6.1: Priority wise distribution of opinion of respondents on infrastructure problems	164
Table No 6.2: Priority wise distribution of opinion of respondents on Human Resource Skill problems	166
Table No 6.3: Priority wise distribution of opinion of respondents on financial problems	168
Table No 6.4: Priority wise distribution of opinion of respondents on production problems	170
Table No 6.5: Priority wise distribution of opinion of respondents on Marketing problems	173
Table No 6.6: Priority wise distribution of opinion of respondents on Technological problems	175
Table No 6.7: Priority wise distribution of opinion of respondents on Government Support Related problems	177
Table No 6.8: Priority wise distribution of opinion of respondents on other problems	179
Table No: 6. 9 Average weight of all categories of problems	181
Table No 7.1Name of Food processing industry set up in Assam from May 2016 to March 2017	188
Table No 7.2: Production Trends of Horticultural Crops in Kokrajhar District (in Tonne)	192
Table No 7.3 : Production Trends of Agricultural Crops in Kokrajhar District (in Tonne)	193
Table No. 7. 4 Opportunity of Food Processing Industries in terms of available raw material in Kokrajhar District	194

Table No 7.5: Opinion of proprietors regarding the availability of Labour / Human Resource in the district	195
Table No: 7.6: Supportive Government Institution/organization for Food Processing Industry sector	197
Table No 7.7: Various supportive Government schemes for food processing industry sector	198
Table No 7.8: Technology Support Ministry /organization and their Scheme for the food processing industry	201
Table No7.9: Opinions of proprietors of industry regarding the significance of prospective factors related to the food processing industry	205
Table No7.10: Opinions of proprietors regarding prospects of the food processing industry	207

## **LIST OF FIGURES**

<b>Figure No.</b>	<b>Title</b>	<b>Page No.</b>
Figure 3.1	Growth Trends of Total Rice Mill and Total Employment	41
Figure 3.2	Growth Trends of Total Oil Mill and Total Employment	45
Figure 3.3	Growth Trends of Total Flour Mill and Total Employment	49
Figure 3.4	Growth Trends of Total Fruits & vegetable processing industry and Total Employment	53
Figure 3.5	Growth Trends of Total Bakery and Total Employment	57
Figure 4.1	Implementation Level of Product Mix Tool by the Selected Food Processing Industry	73
Figure 4.2	Reason for less implementation of Modern Product mix tool	77
Figure 4.3	Implementation Level of Price Mix Tool by the Selected Food Processing Industry	81
Figure 4.4	Reason for less implementation of Modern Price mix tool	84
Figure 4.5	Implementation Level of Place Mix Tool by the Selected Food Processing Industry	88
Figure 4.6	Reason for less implementation of modern Place mix tool	91
Figure 4.7	Implementation Level of Promotion Mix Tool by the Selected Food Processing Industry	95
Figure 4.8	Reason for less implementation of modern Promotion mix tool	98
Figure 4.9	Distribution of Consumers preferences of Local based and outside based products	138
Figure 5.1	Percentage wise growth of units of five categories of food processing industry during the study period	145

Figure 5.2 Distribution of Percentage wise overall employment level of five categories of selected industry	148
Figure 5.3 Annual Growth Rate Curve of Units in Various Industry	151
Figure 5.4 Annual Growth Rate of Employment Level in Selected Industry Sector	153
Figure 5.5 Distribution of Educational Qualification of Proprietors	158
Figure 6.1 Distribution of Infrastructure Problems	165
Figure 6.2 Distribution of Human Resource Skill Problems	167
Figure 6.3 Distribution of Financial Problems	169
Figure 6.4 Distribution of Production Problems	171
Figure 6.5 Distribution of Marketing Problems	174
Figure 6.6 Distribution of Technological Problems	176
Figure 6.7 Distribution of Government Support related Problems	178
Figure 6.8 Distribution of Other Problems	180
Figure 6.9 Distribution of Average Weight of all Problems	182
Figure 7.1 Distribution of Respondents Weighted Mean regarding Prospective factors	206
Figure 7.2 Opinion of respondents regarding future prospects of food processing industry	208

## ***ABBREVIATIONS***

ASI: Annual Survey of Industries

AC: Average Cost

AR: Average Revenue

AGR: Annual Growth Rate

APEDA: Agricultural Processed Food Products Export Development Authority

BTC: Bodoland Territorial Council

BTAD: Bodoland Territorial Area District

CAGR: Compound Annual Growth Rate

CIT: Central Institute of Technology

CC: Collection Centre

CSIR: Council for scientific and Industrial research

DICC: District Industry Centre & Commerce

DST: Department of Science and Technology

FDI: Foreign Direct Investment

FSSAI: Food Safety and Standard Authority of India

FY: Financial Year

Govt.: Government

GDP: Gross Domestic Product

HE: Highly Educated

ICAR: Indian Council for Agricultural Research

IT: Information Technology

IIT: Indian Institute of Technology

IICPT: Indian Institute of Crop Processing Technology

K.M.: Kilo Meter

KVK: Krishi Vigyan Kendra

KVIB: Khadi & Village Industries Board

LE: Less Educated

MRP: Maximum Retail Price

MSME: Micro Small and Medium Enterprises

MOFPI: Ministry of Food Processing Industry

MT: Metric Tonne

MI: Moderately Educated

MNCs: Multi National Companies

MSMED: Micro Small and Medium Enterprise Development

MSME: Micro Small and Medium Enterprise

MUDRA: Micro Units Development and Refinance Agency

NSSO: Naional Sample Survey Organisation

NGO: Non-Government Organization

NI: Not Implemented

NPC: Non Price Competition

NTPC: National Thermal Power Corporation

NABARD: National Bank for Agricultural and Rural Development

NEFTEM: National Institute of Food Technology and Entrepreneurship Management

NEREMAC: North Eastern Regional Agricultural Marketing Corporation Limited

NMFP: National Mission on Food Processing

NOC: No Objection certificate

NIT: National Institute of Technology

PCI: Per Capita Income

PMKVY: Pradhan Mantri Kaushal Vikas Yojana

RSETI: Rural Self Employment Training Institute

RTI: Right to Information

SWA: Single Window Agency

SIDBI: Small Industries Development Bank of India

SME: Small and Medium Enterprises

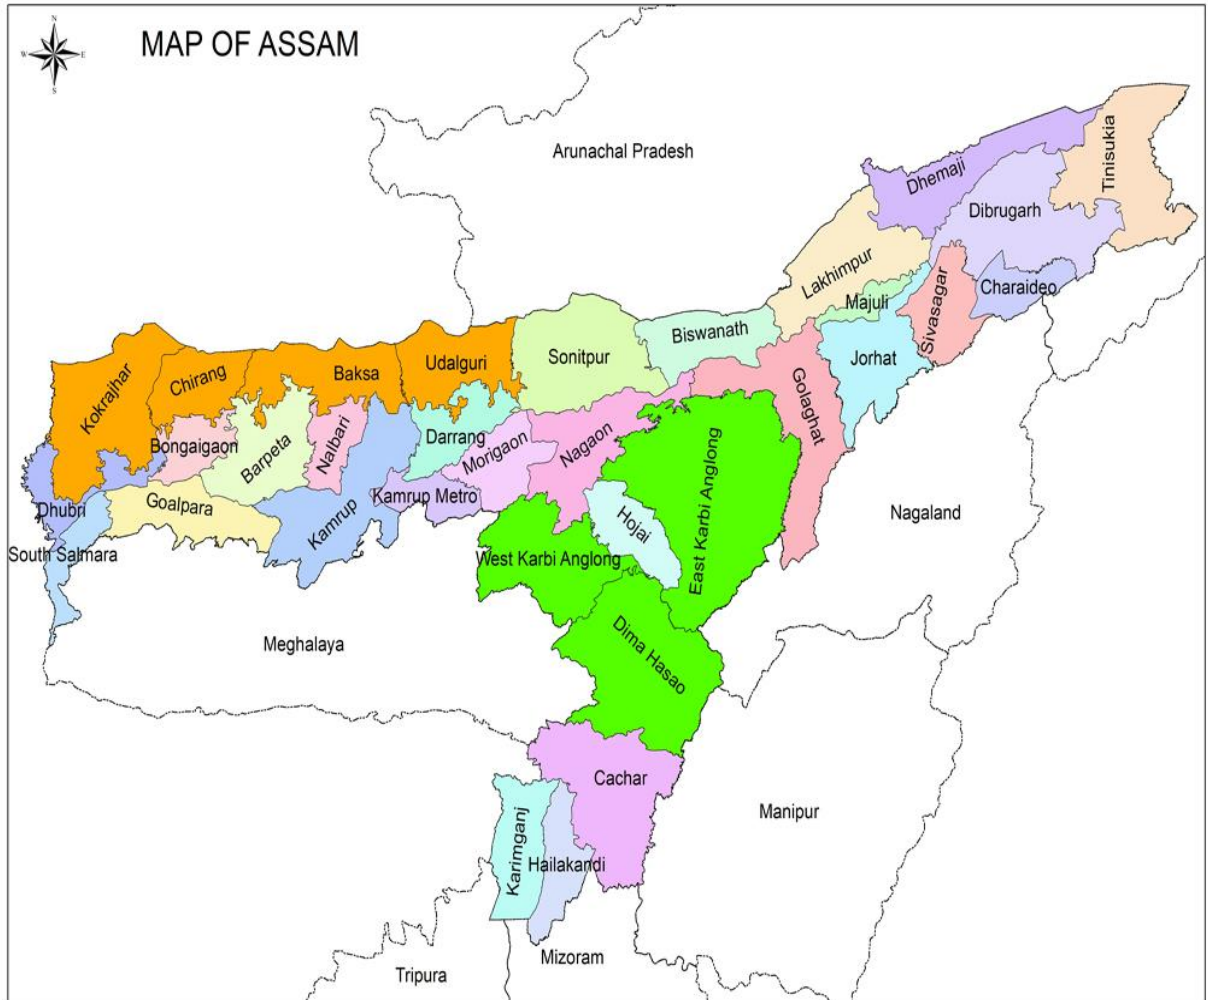

TR: Total Revenue

TC: Total Cost

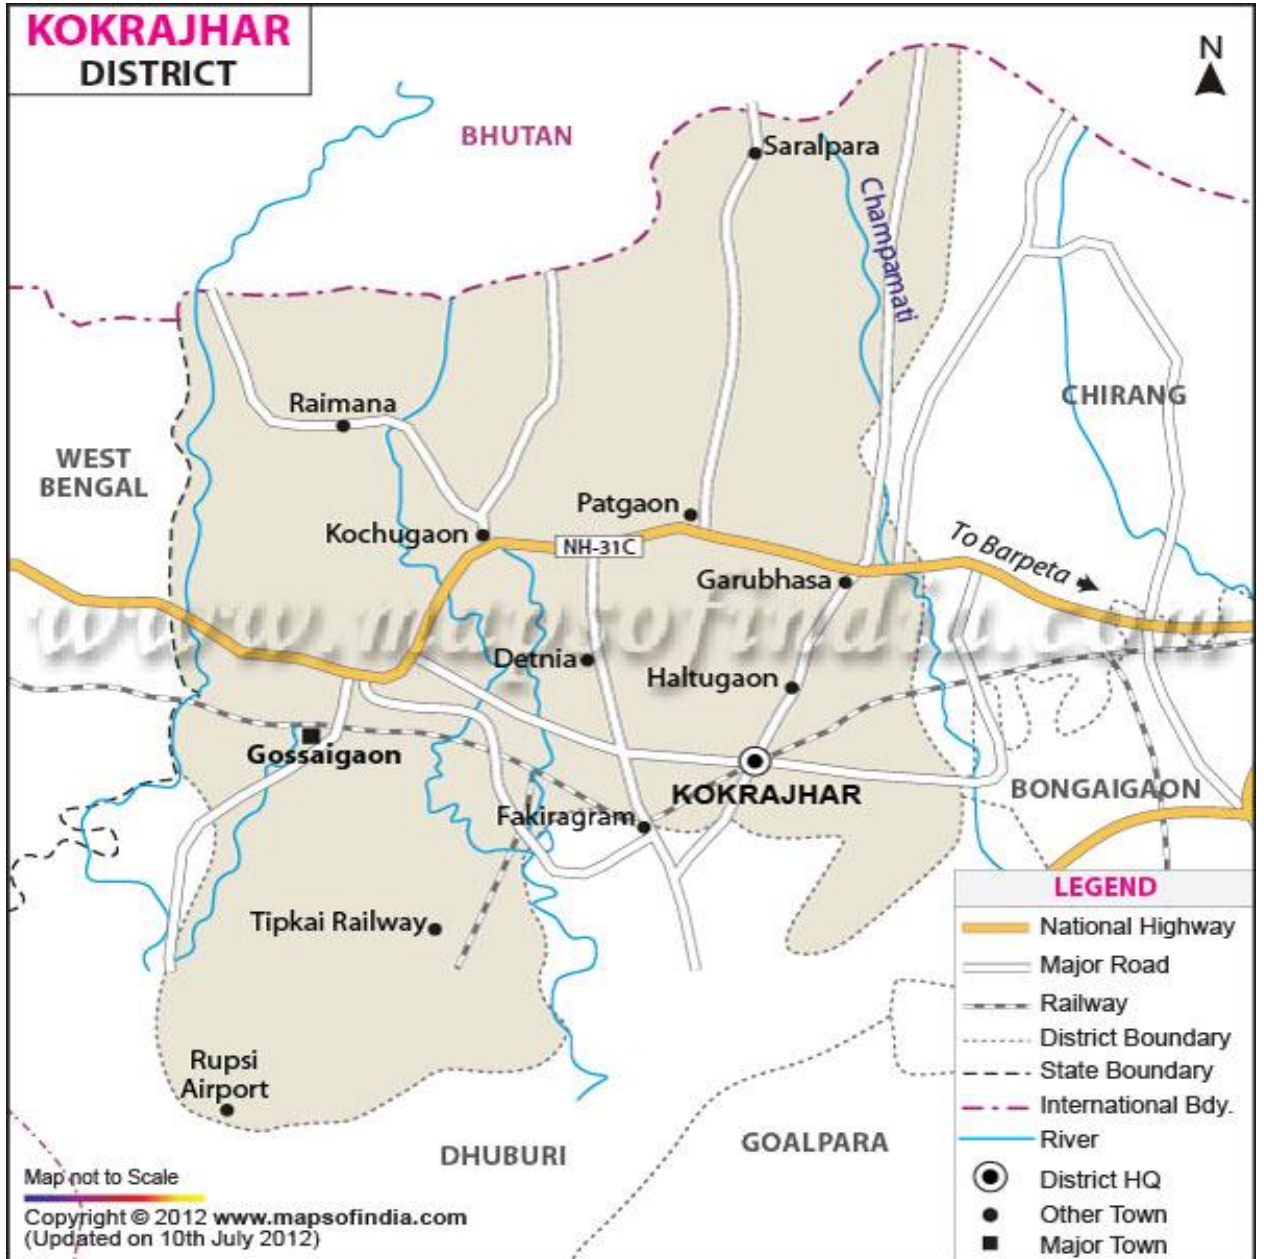

USD: United States Dollar
