

ACKNOWLEDGEMENTS

The work presented in this thesis would have not been possible without my close association with many people. So, it would be unjustified if I don't take this opportunity to express my sincere gratitude to them from the deepest corner of my heart.

*Above all, I express highly my sincere gratitude to my honorable guide/supervisor **Professor (Dr.) Jatin Sarmah** who has so kindly given me the opportunity to work in the aforesaid subject and without whose valuable guidance, proper supervision and encouragement it would have not been possible for me to complete this work. My humble words are insufficient to carry the weight of profound indebtedness and obeisance to him who had spent his valuable time and energy for supervision during the study period.*

I owe my sincere gratitude and thank the Head of Department, Biotechnology, Bodoland University for allowing me to do my research in the department. I am grateful to all the faculty members of Department of Biotechnology namely Dr. Sandeep Das, Dr. Sharmistha Brahma Kour, Mrs. Jonali Owarly, Dr. Arvind Kumar Goyal, Dr. Silistina Narzari and Dr. Sanjay Basumatary, Assistant professor, Department of Chemistry, Bodoland University for their constant support and encouragement throughout the study period.

Acknowledgement is due to Botanical survey of India, Eastern Regional Centre, Shillong for identification and authentication of plant samples. Zoological Survey of India, North Eastern Regional Centre, Shillong for their help in taxonomic identification of fish samples. Sophisticated Analytical Instrument Facility (SAIF), NEHU, Shillong, India for assisting me in mineral analysis of plant samples. Dr. H.P. Deka Boruah, Principal scientist & HOD, Biological Science and Technology Division, CSIR-North East Institute of science & Technology, Jorhat for proximate analysis of formulated fish food and pigment analysis of plant sample. Department of Food Engineering and Technology, Central Institute of Technology (CIT), Kokrajhar, Assam. Department of Chemistry, Bijni College, Bijni, Assam. Biotech-

Hub, Department of Biotechnology, Bodoland University, Assam. Bioinformatics Infrastructure Facility, Department of Biotechnology, Bodoland University, Assam. Department of Chemistry, B.B. Engineering college, Kokrajhar, Assam are sincerely acknowledged for helping me to carry out some part of my research work, I sincerely thanks Dr. Jyotishmoy Borah, Assistant professor, B.B. Engineering college, Kokrajhar, Assam and Dr. Anuk Islary, CIT, Kokrajhar, Assam for their guidance and perseverance during my stay at their laboratory.

I would like to thank Dr. Birhash Giri Basumatary, principal, Bijni College, Bijni, Assam for his encouragement.

Special thanks and sense of gratitude goes to the auction “Mahaldar” of Kalpani Beel, his agents and the fishermen community of the study site who has helped me in various ways and provides me boat for aquatic plants collection.

I express my heartfelt thanks to Mr. Mohizur Rahaman, Assistant professor, Department of Mathematics, Bijni College, Bijni, Assam for his valuable help in conducting the statistical analysis concerning the study.

My heartiest thanks to my fellow scholars who have always been kind enough to bear with me throughout my tenure of research. The research scholar and students shall always be fondly remembered for their kindness and help.

I sincerely acknowledge the staff members namely Mr. Chandan Brahma, Mr. Hirak Moni Borgayary and Mr. Paban Roy of Department of Biotechnology, Bodoland University, Assam for helping in various ways during the course of my study period.

I would like to express my gratitude to my colleagues and friends for their sincere help and encouragement. I always cherish their company. I am also grateful to Manisha Mishra, Gunojit and Apurba for preparation of my thesis despite of busy schedules.

I would like to express my sincere thanks to all my relatives and well-wishers for their support, blessing and encouragement during the study period.

Special thanks to my brother-in-law (late) Kangkan Patgiri for help, support and constant encouragement.

Finally, I take this opportunity to express my deep sense of gratitude to my wife Mrs. Chandana Patgiri for her immense contribution and support without whom this would not have been possible. I am beholden to my son Shri Dhritiraj Ray and my parent Mr. Janak Chandra Ray, Mrs. Bimala Bala Ray and other family members for their constant support and encouragement.

My praises and thanks to God, the almighty, for his showers of blessings throughout my research work to complete the research works successfully.

A handwritten signature in black ink that reads "Jabin Chandra Ray". The signature is written in a cursive, slightly slanted style.

JABIN CHANDRA RAY
