

## ACKNOWLEDGEMENT

---

First and foremost, I would like to express my sincere and deepest sense of gratitude to my supervisors Dr. Sanjay Basumatary, Professor, Department of Chemistry, Bodoland University, Kokrajhar and Dr. Sandeep Das, Professor, Department of Biotechnology, Bodoland University, Kokrajhar for their sustained interest, creative suggestions, Co-operations, motivation and exemplary guidance throughout the course of this study and without their continual inspiration, it would have not been possible to complete this work.

I extend my humble thanks to Dr. Jatin Sarmah, Professor, Department of Biotechnology, Bodoland University, Kokrajhar for providing the permission for doing this work.

I gratefully thank to the Biotech Hub of Bodoland University, Kokrajhar for providing me the necessary facilities which made it possible to carry out my research work.

I greatly acknowledge the help and guidance of all the faculty members of the Department of Biotechnology throughout my research work.

I gratefully acknowledge for the help rendered by the laboratory and office staff in the Department of Biotechnology, Bodoland University.

I also thanks to the Zoological Survey of India, Shillong, Meghalaya for helping me to identify the fish species.

I thanks to the Department of Food Processing and Technology, Central Institute of Technology (CIT), Kokrajhar for helping me to do the work of protein estimation.

I thanks to the Sophisticated Analytical Instrument Facility (SAIF) NEHU, Shillong and Food Quality Control Laboratory, Department of Food Engineering and Technology, Tezpur University for giving me the facility to do the work of mineral analysis.

I thank to the Institute Sandor Life Sciences Pvt. Ltd, Hyderabad for helping me to do the work for fatty acid determination.

I thank to the Centre for DNA Fingerprinting and Diagnostics (CDFD), Hyderabad for helping me to do the work of amino acid determination.

I thank to the laboratory of Edward Food Research & Analysis Centre (EFRAC), Kolkata and Indian Institute of Food Processing Technology (IIFPT), Thanjavur, Tamil Nadu for helping me to do the work of Vitamin (A & D) analysis.

I thank the Biotech Hub of B.N. College, Dhubri for helping me to do the Triglyceride, Cholesterol, VLDL, LDL and HDL analysis.

I thank to the laboratory Xcelris Labs Limited, Ahmedabad for helping me to do the Metagenomics study.

I extend my thanks to the Librarian of Bodoland University, Kokrajhar for giving me all necessary facilities.

I sincerely admire to the contribution of all my lab mates for extending their support, timely motivation, sympathetic attitude and unfailing help during the course of entire research study.

My deepest gratitude goes to my family members for their unflagging love and support throughout my life.

There are so many others whom I may have inadvertently left out and I sincerely thank to all of them for their kind help throughout the journey.
