

# ACKNOWLEDGEMENT

It is very difficult for me to properly acknowledge all the people I am indebted to for all they have taught me and for having thoroughly supported me during this time.

At the very beginning, I express my deep sense of gratitude to my research supervisor Dr. Surajit Kumar Nath, Assistant Professor, Department of Mathematical Sciences, Bodoland University, who introduced me to the beauty and elegance of graph theory, and for his continuous guidance and constant inspiration during the entire period of my research work.

I am thankful to Dr. Mukunda Dewri (HoD), Assistant Professor and All the faculty members of the Department of Mathematical Sciences, Bodoland University for their continuous encouragement, co-operation and their helpful suggestions at various stages of my research work.

I am most grateful to Ivan Gutman for providing me with the most valuable material in connection with the energy of graph theory, which is the prime base for my research in the field of energy of semigraph theory.

I am also very grateful to my beloved parents and my family members whose everlasting love and affection always boosted my morale in studies and my endeavour a success.
