ACKNOWLEDGMENTS

I would like to express my sincere gratitude and thanks to Prof (Dr) K Priyokumar Singh for his guidance and constant encouragement in pursing and completing this thesis work. He has been source of inspiration and wisdom throughout the duration of the thesis.

May I also thank and appreciate my fellow Research Scholars for their valuable inputs and our discussions as well for the support throughout. They have taken keen interest and help me gain access to deep insight on the research topic.

I also place on record, my sense of gratefulness to the entire faculties of Department of Mathematical Sciences, Bodoland University for giving me this opportunity to undertake research in this esteem institute.

Last but not the least, I would like to thank my family: my parents Phurailatpam Nimaichand Sharma and O Randhoni Devi, my wife Okram Surnolata Devi and our children Banashree Sharma Phurailatpam and Bhaskar Dev Sharma Phurailatpam for their immense support and understanding throughout the duration of this research.
