ACKNOWLEDGMENTS

It gives me great pleasure to express my admiration and gratitude to my Ph.D. supervisor **Dr. Kangujam Priyokumar Singh**, Professor, Department of Mathematical Sciences, Bodoland University, Kokrajhar, Assam, India, for his wisdom, insight, energetic participation, and unwavering encouragement during the planning and execution of this research. I also appreciate his meticulous efforts in looking over and polishing the manuscripts, without which this research would not have been accomplished.

I am highly obliged to **Prof. Laishram Ladu Singh**, Vice-Chancellor, Bodoland University, Kokrajhar and **Dr. Mukunda Dewri**, Head, Department of Mathematical Sciences for providing all research facilities, assistance, and encouragement.

I am forever indebted to my late parents, **Shri. Ph. Kameshwar Singh** and **Smt. N. Ibempishak Devi**, who left us midway during my Ph.D. research work for their moral support, motivation, love, encouragement, and blessings without which I would not have completed this task. I am especially thankful to my wife, **Ms. H. Dayapati Devi**, for her patience, love, and encouragement during this journey. Lastly, the understanding, discipline, and love of my angel, **Jodalin Pheiroijam**, when her papa was unable to spare time for her have been a constant source of motivation to my work.

I would like to thanks my beloved friends and research fellows **Mr. Ph. Devakinandan Sharma**, **Mr. T. Alexander Singh** and **Mr. Jiten Baro** for their assistance and motivation during the research, both directly and indirectly.

I am grateful to the anonymous reviewers who provided feedback on my research papers. Their recommendations and criticisms were quite helpful in the improvement of my work. I would like to express my gratitude to DRC members for their helpful recommendations, encouragement, and support. I am also eternally thankful to **Dr. Bivudutta Mishra**, Professor, Department of Mathematics, BITS Pilani, for his comments and assistance during my Ph.D. course, which were priceless research inputs.

Finally, I owe and thank the Almighty for his assistance in this endeavour.
